

## Local A.T.A. Check Problems

The Didsbury A.T.A. held its regular meeting December 2nd. A program convened by Mrs. Kennedy included a discussion on the importance of spelling in marking tests, and daily assignments in all subjects.

The teachers were divided into four groups to discuss the problem. Miss Spang reported for the primary group, Miss Harder for elementary, Mrs. Youngs for junior high and Mr. Wiggins for senior high.

The general conclusion reached was that spelling is of vital importance. The teachers are calling attention to errors and having them corrected.

The Zella W.I. event their 12th birthday with 21 members present. Roll call was "what I would like best for Christmas."

The December meeting of the Hartman Home and School will take the form of a social evening at the school on Saturday evening, December 12th. Everyone welcome.

## Local W.I.'s in Action . . .

### WESTCOTT JUNIOR W.I.

The December meeting of Westcott Junior W.I. was held in the school recently with 21 members present. Roll call was "what I would like best for Christmas."

Election of officers took place, the following being put into office: President, Mrs. Wilma Rinehart, vice-president, Mrs. Angeline Murphy, secretary-treasurer, Mrs. Ellen Wilshusen.

Topics to be given in 1960 will be: Mrs. Trudy Robertson, United Nations; Mrs. Wilma Luft, education; Mrs. Clara Bogner, home economics; Mrs. Nellie Rinehart, agriculture; Mrs. Margaret Luft, health; Mrs. Marie Konaschuk, citizenship; Mrs. Bea Wedner, handicraft; Mrs. Ethel Konaschuk, social service.

Secret sisters were again drawn for. It was decided to have a door prize instead of the "bit of fun." Mrs. Elmer Mercer was the lucky winner of the Westcott Jr. W.I. quilt which was raffled and drawn for at a military whist held recently. High scorers were Mrs. Owen Kennedy, Mrs. Margaret Phillips, Bob Dubois and Leonard Coats. Low scorers were Mrs. Hayball, Norma Danson, Cliff Murphy and Gordon Robertson.

### RUGBY W.I.

Seventeen members and two visitors met at the home of Mrs. Allen Vipond for the Rugby W.I. Christmas meeting. Mrs. Robertson, Constituency Convenor was welcomed; she spoke on Institute plans.

The turkey supper held in November was very successful.

A military whist party will be

held December 14th at the home of Mrs. Percy Hoegood. A turkey supper for Institute members and families will be held in the hall, January 7th.

Arrangements were made for the serving of lunch at the New Year's Eve dance to be held in the Rugby hall.

Christmas parcels were collected for mental health, sick and elderly residents. There was a gift exchange by secret sisters. Mrs. Ed Oliver won the tea draw.

Officers elected for 1960: President, Mrs. Delia Hoegood; Sec-Treas., Mrs. Harvey Hoegood; Mrs. Percy Hoegood read Dr. S. R. Laycock's chat on teaching "Responsibility."

### LONE PINE W.I.

The December meeting of the Lone Pine W.I. was held at the home of Mr. Roy Milne with 14 members and four visitors present.

Roll call was answered by bringing a home made Christmas decoration.

Gifts were brought for mental patients instead of the usual exchange among members.

Miss Merle Siebert reported on the Citizenship workshop held in Calgary.

The birthday box contained \$6.07 and will be sent to "Care".

Elections of officers took place with Mrs. A. Hughes taking the chair.

Officers for 1960 are as follows: President, Mrs. Sam Elliott; 1st Vice-president, Mrs. E. Wood; 2nd Vice-president, Mrs. B. Shelia; secretary, Miss Merle Siebert; archivist, Mrs. Owen Milne; Directors, 1st, Mrs. George Clarke; 2nd, Mrs. Lloyd Clipperton; 3rd, Mrs. Ron Milne; 4th, Mrs. Allan Hughes; Auditor, Mrs. E. Dowell; Slicker, Mrs. A. Brander.

A Santa Claus draw was held and gifts were given to the children.

The next meeting will be held at the home of Mrs. Owen Milne on January 13th at 8 p.m.

### SAMUEL JAMES DOUGAN

Samuel James Dougan, 76, passed away after a lengthy illness, at his home in Bergen on November 20th, 1959.

Mr. Dougan was born in Ireland in 1883. As a very little boy he moved to Scotland with his parents, where he grew up to manhood. He and his bride came to Canada in the spring of 1906 and homesteaded in the Bergen district, where with exception of two years, he resided until his death.

He leaves to mourn his passing, his widow, Mrs. Catherine Dougan, three sons, William, James and Allen, all of Didsbury; five daughters, Mrs. Allen Gole, Didsbury, Mrs. W. Dugby of Idylwild, California, Mrs. R. Kudas of Scotter and Elizabeth of Sundre; twenty-four grand-children, and seven great-grandchildren.

Funeral services were held in the Bergen United Missionary Church, Thursday, November 26th, with Rev. H. Dyck in charge. Rev. Walter Gamble was the soloist and Mrs. W. Gamble was organist.

Interment was in the Bergen Cemetery with D. McDonald, J. Sutton, G. Brodie, R. Olson, P. Blain, and A. Brown as pallbearers. Orme Funeral Chapel was in charge of arrangements.

### ISAAC SPREMAN

Mr. Isaac Spreman, aged 93, died in the Didsbury hospital on Monday, December 7th.

Funeral services will be held on Friday, December 11th, at 2 p.m. Rev. W. D. Annett will officiate.

Further details will appear in the next issue of this paper.

## Kinsmen And Board Of Trade Go Into Action

The Didsbury Board of Trade, playing partners with the local branch of the Kinsmen Club are putting on an all-out campaign to make "our town" more decorative and attractive during the Yuletide season. One wee bulb would let passers-by know that you're thinking the same way as most Christian people feel at this time of year.

This year the two bodies mentioned above will offer prizes for the best display for a commercial building and the best display in the residential area of "our town". Results will be judged by the originality and ingenuity, rather than the cost involved or the number of lights involved.

Anyone can enter the contest—just put up a few lights and you are in.

The displays will be judged by unbiased people on the evening of December 23rd.

Stores, churches, the hospital and commercial stores, all come under the one category; residential homes come under another category. It has been decided that the first and second winners in each group can expect a pre-Christmas gift.

## CREMONA NEWS

(From Our Own Correspondent)

The organization meeting of the Cremona Club was held on December 1st at Cremona school. The new officers are club leader: Val Reid; president, Marjory Bird; secretary-treasurer, Sharon Hunt; vice-president, Val Whitlow; club reporter, Dale Reid.

Assistant leaders are Lionel Bird, Angus Cameron and Doug Bird. There are 12 members and nine new ones in the club.

The monthly meeting of the W.A. was held at the home of Mrs. Glen Johnston.

Mr. and Mrs. Cushman visited with Mrs. M. Reid last Saturday evening. Mr. Cushman is principal of the Westbrook school.

Mrs. S. Shultz has been hospitalized since last Thursday.

The annual get-together of the Credit Union officers and their wives was held at the Legion hall on Thursday evening of last week. Mrs. E. R. Wigg and Mr. Norman Whitlow won first prizes at whist. Congratulations to Mr. and Mrs. B. Nichols of Big Prairie on the birth of a son.

Congratulations also to Mr. and Mrs. D. Odell on the birth of a daughter.

Delbert Sirt celebrated his anniversary birthday on Dec. 7th. A number of his young friends gathered to wish him well, among them were Richard and David Barlow and Lee Burkholder.

Mr. V. Brown has sold his butcher shop to Mr. Osborne. Mr. Osborne expects to take possession early in the New Year.

Cremona is already lit-up for Christmas with street lights, store lights and decorations. Gives a body a lift to come over the hill and see the town all lit-up for the festive season.

# Take These 6 Steps To Home Safety!!!

## A Check of Your Gas Appliances and Heating System May Avert an Accident.

Take time NOW to review the following SIX important points so you will KNOW that your home is SAFE. If you do not pay proper attention to the care and maintenance of your heating equipment, and home gas venting, tragedy can strike. Dangers increase during the cold weather — so make YOUR home safe . . . for the holiday season ahead . . . and for the rest of the winter!

## A Word From Your Gas Company

This year some accidents resulting from carbon monoxide have been reported to our office. It is not natural gas that causes these accidents . . . It is the products of incomplete combustion. Normally the products of natural gas combustion are carbon dioxide, water vapor, oxygen and nitrogen, all harmless. But if the chimney, or a vent pipe to the chimney, is blocked or partially blocked, the heating equipment may produce poisonous carbon monoxide which is spilled into the occupied space with possible harmful effects to the occupants. It is important that left-over gases get a chance to escape to the outside atmosphere, and we urge you to make the above safety check in your own home so that you can continue to enjoy Natural Gas with Safety.

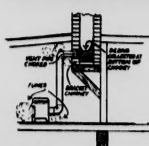

## Don't Let Accidents Mar The Holiday Season Ahead!

Do not try to repair any trouble spots yourself. Call your local plumber, tin-smith or gasfitter — he is qualified to do a proper repair job.

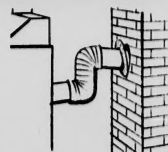

Published in the interests of Public Safety by  
**CANADIAN WESTERN NATURAL GAS COMPANY LIMITED**

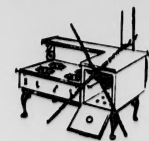

## SIX STEPS TO SAFETY

**1. CHECK YOUR CHIMNEY:** Loose mortar, soot and other debris may accumulate at the base of a chimney obstructing the free passage of the products of combustion. (This danger is particularly prevalent with "bracket" type chimneys). Ice and snow on the top of your chimney may also cause blockage and should be removed.

**2. CHECK ALL VENTING PIPES:** Twice a year at least check all pipes used to vent gas appliances. They may have become dislodged from the chimney . . . they may be too far into the chimney thus blocking the end of the vent pipe . . . they may have been pulled away from the appliance or furnace.

**3. DON'T MISUSE GAS APPLIANCES:** Older style ranges which are required to be vented should not be used to heat a room. Use a proper heater designed for this purpose.

**4. BE ALERT TO THE DANGER SIGNALS:** Smarting of the eyes, nose irritation and unpleasant odors are indications of fumes in your home. It is required that appliances be vented to the outside atmosphere except refrigerators, dryers and ranges approved without venting.

**5. DON'T TAMPER WITH GAS APPLIANCES:** Don't take chances. Don't alter or install gas appliances or piping yourself, call a qualified Plumber or Heating contractor if you wish your appliances checked or call your Gas Company serviceman.

**6. FRESH AIR SOURCE:** Be sure there is a source of fresh air in your home, but avoid drafts around your gas appliances. Do not keep your house "air tight". Your gas appliances, like you, need fresh air.

## Now Were Catching Up . . .

With fingers crossed and our post office key handy, we're waiting for a refund on income tax returns that were made during the Manning "give-away" program. We did receive these donations (?), we did spend them, we did report it on our income tax form; we did not agree with it from the outset. Now we're paying somebody to pay us back something we didn't want. Of course you realize this is one man's opinion again. Make sense to you?

## Christmas Lighting . . .

See where a few merchants on the front street have hooked up a few bulbs to get the Christmas setting underway for "our town". The "main street" (that's down our way), have also gone into action in some spots. You fellows who haven't come up yet with the colored lamps should take time to give out with a display at this time of year, no matter how large or small. Wish they had a few hooked up Christmas trees out in the open about now — wish we could sorta match the displays given by neighboring centres — wish some service club or Board of Trade would take action in this direction — but soon. We do believe that donations to cover the cost would come easy.

## Something Borrowed — But So True . . .

A newspaper is supposed to publish news. But what is news? The dictionary defines the word something like this: a recent event of interest to the readers. Some dictionaries suggest that it should be something strange or different.

Of course, what is of interest to one person may not be to another. By the same token, because those are only human beings, who publish newspapers there will naturally be a difference of opinion as to what should go into a newspaper. For that reason a change of writers means a change in the slant of the news. So if you notice a different type of news as well as a different style of writing, we hope that you will understand that there is a different fellow writing.

The finest writer cannot write without something to write about. If your local paper doesn't carry the news you would like to see, maybe it is because you haven't reported the news. As one old saying goes, "If you like it, tell others; if you don't like it, tell us". A letter to the editor might soon correct some faulty situation.

## NOTES FROM

The  
District  
Agriculturist  
HOWARD  
FULCHER

Management plays a large role in the maintenance of productive stands of pasture. Establishing a pasture takes time, costs money and if unsatisfactory yields are obtained, affects your livestock program.

Before any field is seeded to pasture it should be cultivated well to give good weed control. The seed bed should be well prepared and be firm. The seed itself should be quality seed with a strong germination and free from weeds. The choice of grass and legumes will vary with topography of the land and use to be made of the pasture. Pastures which do not have legumes generally show a mark decrease in yield within a few years. This is due to the lack of nitrogen. When the legumes are present the danger of bloat is also present, therefore the percentage of legumes must of necessity be kept low.

Stands of forage whether used for pasture or hay can usually be increased by fertilizing. Generally grass stands require nitrogen while legume stands require phosphorus. Mixed stands give best response to a nitrogen-phosphorus fertilizer.

Where sulphur deficiency is a problem a sulphur fertilizer should be used.

In fertilizing forage crops the rates should be around 100 pounds to the acre, lesser rates give little results.

Old pastures may be rejuvenated by seeding them up with a cultivator but results are short-lived. In some cases they can be improved by adding some new seed at the

## Frogs And Men

You might say that there is relatively little in common between men and frogs, but here is a story which points up at least one similarity.

We are told that if a frog is put into a pan of water which is heated very slowly he will sit there until he cooks. But if you drop him suddenly into a pan of hot water he will hit the ceiling!

The similarity? You and I will rebel vigorously when an injustice is suddenly thrust upon us. But let us become accustomed to it gradually and we say little.

Consider taxes. How do you suppose your Dad and mine would have resisted 40 years ago if they had suddenly been told that taxes, 'Federal, Provincial, Municipal, and even', would consume 25 to 35 percent of their incomes? Their reaction would have been quite as violent as that of the frog dropped into the boiling water.

But YOU and I, who have grown accustomed to the burden gradually, complain only mildly and refuse as a group to take the vigorous steps which could bring some change.

Shake hands, Frog ! !

same time, here the trouble is the catch of the new plants is often poor. Applications of commercial fertilizer may give an increased yield but the results are often very disappointing if the year is dry. Barnyard manure will generally give good results but the supply of this product is limited.

To get continuous high production of forage it is best to use a rotation. When production falls off break up the sod, crop it then put it back in forage production. This of course can not always be done due to the type of land but generally is the best policy.

# REVVY HOME OPEN HOUSE

At The Beautiful New Home Of MR. and MRS. HERB GOLE  
Didsbury, On Friday & Saturday, December 11th & 12th

FRIDAY, 7 to 10 p.m.  
SATURDAY, 1 - 10 p.m.

## COMPACT & PRACTICAL

This is an ideal home for those requiring three bedrooms. Also included in this PRECISION-BUILT home is the large kitchen with step-saving work area - factory built cupboards - spacious living room with planter - and convenient location of bathroom. Careful planning gives more closet space than the average home. Truly this home has been designed for happy living for years to come.

## Briarhill 300 Series

DIMENSIONS 40'0" x 27'0" x 25'0"  
FLOOR AREA 1036 SQUARE FEET

## SPEED & ECONOMY

Speed and economy was featured in the erection of this Pre-fabricated home by the use of factory PRECISION-BUILT wall sections — factory PRECISION-BUILT "W" type truss, C.M.H.C. approved - finished gable ends and factory built soffit sections. The pleasing exterior combines beautiful 10" CALIFORNIA REDWOOD SIDING together with contrasting gables finished in the popular Weldtex Pattern. This exterior finish provides warmth both in appearance and living with years of practicability in store.

The basement is adequately lighted by "Revy" brand MULTI-PURPOSE DOUBLE GLACED WINDOW UNITS that are prefitted at the factory. These Sash have reversible hardware permitting a choice of swing. The large living room contains a luxurious picture window that will give years of trouble free satisfaction in addition to adding character. "Revy" double glazed MULTI-PURPOSE WINDOWS are featured through the house. These modern window units contain their own "storms" a feature that has eliminated the old cumbersome unsightly storm window. Lever action hardware of the best quality controls air flow to any required degree. The special weatherstripping assures a dust and draft free unit. Only those who have seen or used these modern window units can appreciate their value and convenience.

The selection of RED OAK HARDWOOD FLOORING together with floor tile, blending with mahogany doors create a pleasing atmosphere of gracious living and contentment. Clothes closets are equipped with steel folding doors with bonderized ivory enamel finish. This truly is modern clothes storage convenience.

**VEGETABLE VIGNETTES**  
"Variety is the spice of life" ...  
so why not try a few quick tricks  
with vegetables? Here are a few  
favorite ones, maybe they will be-  
come your favorites too.

Are tender peas and green beans  
popular at your house? After but-  
tering them up well, mix with  
toasted almonds, chopped chives,  
sliced mushrooms browned in but-  
ter, cheese sauce, or any of several  
herbs and spices, like curry or mas-  
meg, and if you're short of time,  
green vegetables look and taste  
good if you just serve them piping  
hot, topped with several pairs of  
butter and a generous dash of  
paprika. Easy isn't it?

To glaze carrots once you've cook-  
ed them, just heat them about five  
minutes in a few tablespoons each  
of butter and mint jelly or butter  
and a generous dash of  
chopped fresh mint.

Here another good way to serve  
carrots. Dice them, cook them in  
water, then glaze them with your  
favorite sugar and butter mixture.  
Just before serving, mix the carrots  
with diced celery which has been  
cooked in beef or chicken broth.

Serve with a sprinkling of peanuts,  
and all in one dish you get color,  
texture and flavor variety.

While your beets are cooking,  
make a medium white sauce with  
butter, flour and orange juice in-  
stead of milk. Add a dash of vine-  
gar, and serve hot over beet slices  
and raw onion rings.

Next time you have some left-  
over chicken or ham, you'll find  
you can use it up quickly with a  
flavorful ensemble called a Paris-  
ian Devon. It's easy to make too:  
just place a layer of cooked bro-  
coli or asparagus in baking dish,  
cover with a layer of sliced chicken  
or ham, and top with a cheese  
sauce. Sprinkle generously with  
grated cheese and bake twenty  
minutes in a hot oven (450 degrees  
F.) then broil until the cheese is  
brown and delicious.

Frozen green limas are available  
all year now so next time you have  
them, here's a tip: while they're  
cooking, slice some mushrooms,  
saute them in plenty of butter,  
and mix them with the limas just  
before serving. This makes a tasty  
combination when you have guests  
for dinner, in place of the peas  
and carrots we so often rely on.

For the last and our most widely  
used vegetables, the potato. If this  
vegetable could talk, I suspect it  
would complain bitterly about the  
few ways it's being served and that  
the monotony is quite unbearable.  
And most of us would have to plead  
guilty to this charge. I'm afraid,  
because don't we seem to be for-  
ever serving our potatoes either  
boiled, baked or mashed ... and  
that's about all. Yet, again, if the  
potato could talk, I bet it would be  
brimming full of ideas as to the  
many ways it can be served. For

WESTCOTT SR. W.A.  
HOLD REGULAR MEETING

Mrs. Ed Klinck was hostess when  
the Westcott Sr. W.I. met with 12  
members in attendance for its Dec-  
ember meeting.

Roll call was answered by bring-  
ing a Christmas centrepiece, which  
brought many new ideas to the  
members.

It was agreed to send \$10 to the  
rheumatism and arthritis fund; \$9  
to the Unitarian Services for their  
work among refugee children; \$3  
to the Institute Girls Club; and a  
box of Christmas oranges to the  
senior citizens' home in Didsbury.

Mrs. Levagood volunteered to  
bring Red Cross sewing to the  
January meeting.

The five-minute talk by Mrs. Ed  
Klinck dealt with the use by pres-  
ent doctors of the many drugs for-  
merly used by the medicine men  
of South Africa.

The afternoon ended with the  
"Christmas pie" and a special  
Christmas lunch.

instance, after boiling potatoes, you  
could pour melted butter over them  
and sprinkle them with minced  
parsley, fresh mint or grated cheese  
for extra good color and flavor. Or  
else, serve them in a smooth white  
sauce fragrant with herbs. And for  
a third variation, make the sauce  
a cheese sauce.

There are several variations on  
the theme of mashed potatoes too.  
Duchess potatoes are especially at-  
tractive and easy to make. Just  
mash potatoes with butter, salt and  
pepper, milk and a couple of egg  
yolks. Then you can shape them  
into rosettes and pyramids, using  
an ordinary pastry bag. This could  
be done on a buttered cookie tray  
or baking dish, then brush the po-  
tatoes with beaten egg white, and  
bake about five minutes, in a hot  
oven until golden brown. Another  
easy variation consists of sprink-  
ling the mashed potatoes, then  
press a cube of processed cheese  
halfway through the potato, brush  
with egg or melted butter, and  
sprinkle with bread crumbs. Whisk  
into a hot oven for about five min-  
utes, and serve hot and delicious.

Some homemakers have asked  
how many servings of vegetables  
their children should get every day.  
Here's the answer: both children  
and adults should get one daily  
serving of potatoes, and at  
least two servings each day of  
other vegetables, especially the  
leafy, green and yellow kinds.

So, here's to vegetables, and I  
hope you will be enjoying their  
variety as much as I do at this  
time of the year.

## DISTRICT NEWS

## M.V.B.C. NEWS

(From Our Own Correspondent)

Miss Edna Dietz, a third-year student in the University hospital, Edmonton, because of her continued illness. We are hoping that she will be back with us for the second semester. Perhaps those who know her would like to drop a card to her.

Two Gospel teams went to Edmonton this last weekend. These are long trips but the students enjoy doing the work for the practical experience it gives them.

Mrs. Gladys Eby entertained the members of the faculty and staff at dinner on Thursday evening. Two of the young ladies of the college helped with the work, and an enjoyable evening was the result.

Max Eby also spent the weekend with her niece, Mrs. Elgin Hallman, of Reed Deer.

Mrs. Lydia Suder attended the birthday party of her mother-in-law, Mrs. Suder Sr., at Sundre. All of the sons and daughters were there for the occasion. Mrs. Suder reached her 90th year and is still in quite good health, visiting her sons and daughters throughout the summer months. She resides with her daughter, Mrs. Oscar Snyder. Rev. Snyder is pastor of the Nazarene church in that town.

The sympathy of the faculty is extended to the Dedels and Snyder families, in the great loss of their mother during the past week. Both Mrs. Herb Dedels and Mrs. Lola Snyder, are graduates of this college.

The sympathy of the college members is also extended to Miss Elaine Wolfe, dean of women, and Mr. and Mrs. Lavern Traub in the loss of their father, who died very suddenly Saturday night. These daughters left immediately for their homes in Kelowna, B.C. Mr. Traub will return to the campus on Wednesday of this week.

A large group of students and some faculty members attended the youth meeting in Bethel Baptist church on Friday evening to hear Wes Aram speak.

The flu bug has made its inroads on students of the campus during the past couple of weeks. We do hope to see the last of it, very soon.

## LIGHT YOUR WAY . . .

... WITH BIBLE STUDY

A hundred years ago in France a schoolmaster wrote in his notebook after the name of a certain boy "He is the smallest, the meekest, the most unpromising boy in my class." Half a century later a popular election was held in France to determine who was the greatest Frenchman. By popular vote that meekest, smallest, most unpromising boy was voted the greatest Frenchman. That boy was Louis Pasteur, the founder of modern medicine.

In this season of advent the Christians are also preparing to receive a small Child into their midst. Born of lowly parents, in a humble stable, wrapped in swaddling clothes, lying in a manger, the baby world is ready to pass him as the meekest, the smallest, the most unpromising child of the day. But angels from on high heralded His birth. Shepherds came to adore Him. And since the world has come to worship Him on benediction knees. This lowly Babe is Christ, the Lord.

"Unto you is born this day in the city of David, a Savior, which is Christ the Lord." And yet, we find ever so many people rejecting Him, being offended at His lowliness. On the other hand, God Himself testifies of His greatness: "In Him dwelleth all the fullness of the Godhead bodily." This Child stands in the world as the Greatest, for He is the God-man. He is the Savior of the world. He is our Redeemer.

Open and prepare your hearts to receive God's great gift. And as you receive Him you will also receive and enjoy the blessings He brings: forgiveness of sin, peace, life and salvation. Then, truly, this will be a blessed Christmas season for you.

## COYOTE BAITING:—

The job of setting out the 1959 poison baits has been completed. Following is a list of the land locations where these poison baits are situated:—

1. S.E. Sec. 3 - 34 - 2 - 5

2. N.W. Sec. 11 - 34 - 4 - 5

3. Between Sec. 13 and 14 - 33 - 4 - 5 (road allowance)

4. S.E. Sec. 17 - 31 - 5 - 5

5. N.E. Sec. 10 - 30 - 3 - 5

6. S.E. Sec. 36 - 30 - 4 - 6

These baits have been set in response to direct requests in localities where coyotes have become over populated and are causing trouble to sheep, cattle or poultry growers. If you are anywhere in these vicinities or have occasion to pass nearby with a dog beware that your dog does not become attracted by the bait and stop off to take a snack. This poison is very deadly and it only takes about 1/4 pound of the poisoned meat to kill a coyote or dog, fox or wolf. It is more or less selective to the canine population.

Your A. S. B. have decided that no baits would be set east of the railroad this year. If you have local complaint about coyotes in that general area, we can supply you with strychnine pellets to alleviate your trouble.

**CHRISTIAN SCIENCE**

Man's God-given safety and protection will be stressed at Christian Science services this Sunday.

Keynoting the Lesson-Sermon on the subject "God the Preserver of Man" is the Golden Text from the King James Version of the Bible: "The Lord is good, a strong hold in the day of trouble; and he knoweth them that trust in him"

Citizens to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include (387:27): "The history of Christianity furnishes sublime proofs of the supporting influence and protecting power bestowed on man by his heavenly Father, omnipotent Mind, who gives man faith and understanding whereby to defend himself, not only from temptation, but from bodily suffering."
